

JERICO GUAÑIZO

CUSTOMER SERVICE • TECHNICAL SUPPORT • E-COMMERCE

Philippines | jerico.guanizo01@gmail.com | +63912 554 6758 | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Customer service and technical support professional with 7+ years of experience supporting international brands across e-commerce, retail, healthcare, education, fintech, and technology. Experienced in phone, chat, and email support, with hands-on exposure to Shopify, Amazon, Stripe, technical troubleshooting, account support, and customer issue resolution. Strong at learning new systems, following client processes, protecting customer experience, and working toward service and quality KPIs. Also brings practical experience in Shopify store design, basic HTML/CSS, SEO, digital marketing, and workflow tools.

KEY SKILLS

Customer Service | Technical Support | Shopify Support | E-commerce Support | Product Listing | Domain | Email Marketing Automation | Amazon Retail Support | Account Support | Phone, Chat & Email | Troubleshooting | Order & Account Resolution | CRM / Ticketing Systems | Basic HTML/CSS | SEO & Digital Marketing | AI Tools

PROFESSIONAL EXPERIENCE

Support Advisor — Shopify

TaskUs | Sep 2024 – Apr 2026

- Supported Shopify merchants through customer service and technical assistance, helping resolve store, account, and platform-related concerns.
- Handled customer interactions through established support processes while balancing quality, productivity, and customer experience KPIs.
- Applied Shopify product knowledge and troubleshooting skills to investigate issues, explain solutions clearly, and guide merchants through next steps.
- Completed company training and development programs to strengthen product knowledge, communication, and support performance.

Account Analyst — Stripe

TDCX | 2023 – 2024

- Supported customers and accounts for an international fintech platform, applying account procedures and service standards to resolve concerns.
- Analyzed account-related issues, reviewed available information, and communicated appropriate resolutions while protecting customer experience.
- Maintained accurate case handling and followed required processes in a performance-driven support environment.

Technical Support Advisor

Concentrix | 2022 – 2023

- Provided technical support to customers, using structured troubleshooting to identify issues and guide users toward practical resolutions.
- Handled customer interactions across support channels while documenting cases and following troubleshooting and escalation procedures.
- Built on previous customer-service experience to strengthen technical troubleshooting, communication, and problem-solving skills.

Rebate Specialist — NuVisi*on Autoglass

Jul – Dec 2022

- Processed rebate-related customer requests and provided clear guidance on requirements, status, and next steps.
- Reviewed submitted information carefully and maintained accurate case documentation while meeting service expectations.

Customer Service Representative — Amazon

Concentrix | Sep 2019 – Jan 2022

- Supported Amazon customers with retail, order, account, and service concerns while following established policies and customer-experience standards.
- Resolved customer issues through phone-based support, using active listening, product/process knowledge, and structured problem solving.
- Consistently worked within performance-driven BPO operations and completed required training and development programs.

ADDITIONAL EXPERIENCE

Warehouse Clerk — Waltermart | Jan 2015 – Oct 2015 • IT Staff — MegaResto | Dec 2015 – Aug 2016 • Warehouse Man — Marshas Delicacies | Sep 2016 – Jul 2018
